

LICHTBLICK

OPEN CALL FOR VIDEO EXHIBITION

The understanding of what we consider public space and what is considered private space is being redefined. We cannot share the way we used to share and we cannot exhibit the way we used to exhibit. Site-specific actions have a different meaning and taste.

The physical windows in Kunsthalle am Hamburger Platz will be transformed with submissions through light and retinal persistence.

Everybody with access to a camera-recorder of any kind and / or interested in video and media works is invited to submit their own video creations.

The only limitation due to the technical requirements of the space and the idea of projecting several videos simultaneously is: **NO AUDIO**. Consider works muted, or if they have sound, find a way to make them inclusive (e.g subtitles in case your piece has dialogues).

WHERE: Kunsthalle am Hamburger Platz. Berlin.

HOW: From the inside to the outside, media projections on the windows:

- With projectors.
- With HD TV flat screens.

LIMITATIONS: NO SOUND.

WHOM: Everybody interested.

WHEN:

- **APPLICATION TIME:** since you read this document until June 10, 2020. Later submission will also be possible, for that send your entry until June 21. The last inclusions will be added to the ones from the first round.
- **EXHIBITION PERIOD:** June 13 to July 20, 2020. The additional videos will be exhibited between July 1 and July 20, 2020.

LICHTBLICK

OPEN CALL FOR VIDEO EXHIBITION

HOW TO APPLY

Send an e-mail to kunsthalle@kh-berlin.de with the Subject **LICHTBLICK** and the following information:

- Name or alias.
- Title of the work.
- Link to the video.
- Brief synopsis. 1 or 2 sentences is enough.

IF YOUR WORK IS SELECTED

You will be informed via e-mail.

In that case you will be requested to send the video file (mp4 format, codec H.264). If you do not know how to convert the video, send us the original file and we will do it for you.

Please feel free to share this information if you know someone who could be interested in taking part.
